Harazin, PLLC and an Adjunct Associate Professor in the College of Textiles at NC State University in Raleigh, North Carolina. He practices in the areas of Business, Corporate and International Law providing legal services to businesses, large and small. His international involvement includes being a member of the North Carolina District Export Council, the former Chairman of the Board for the World Trade Center North Carolina and past President of the North Carolina World Trade Association. He is a past Chairman of the International Law and Practice Section of the North Carolina Bar Association, the 2009 Recipient of the NCBFA’s International Law & Practice Section John J. Dorch International Service Award and a 2006 member of the US Foreign Service Selection Board. He is a law graduate of Southern Illinois University School of Law and a graduate of Illinois State University. (wharazin@harazinlaw.com)
Being a Student Delegate

Student delegates will travel alongside North Carolina business leaders and governmental officials, getting a first-hand look at global business in action. Student delegates will learn about foreign culture and business environment. They will be meeting with international traders, touring facilities, and participating in international events. The students will complete Individual research projects exploring international business and the success of companies in today's global economy.

A special thanks to our Student Delegation Sponsors

Doing Business Internationally

Student Delegation

March 2nd – 9th 2013
ON LOCATION:

In cooperation with:

PANAMA

Panama is the southernmost country in Central America, bordered by Costa Rica to the west, Colombia to the Southeast, the Caribbean and Pacific Ocean to the north and south, which are connected by the Panama Canal. Over 3 million people live in Panama where the official language is Spanish. Panamanians live in a tropical maritime climate with a long wet season and short dry season. In 2011 GDP was estimated at $50.61 billion. Major industries include construction, brewing, sugar milling, cement and other construction materials.
