The signature of the **Principal Investigator** authorizes the Analytical Services Lab to charge the **FAS/IDT Account** for instrument and/ or testing fees incurred by the student stated above. Services will be charged at currently applicable user rates. ***In the event of instrument damage caused by this user the PI will hereby accept financial responsibility in the full amount for repairs.***

Failure to provide a **Maximum Amount Authorized** implies that no limit has been set by the **Principal Investigator** on services or consumables that may be purchased from the Analytical services Lab by the **Authorized User**. Consumables may be supplied by the **Authorized User** if prior approval was obtained from the Lab Manager. Users are not allowed to modify instrumentation or operating procedures on any of the instruments in the Analytical Services Labs unless prior permission was obtained by the Lab Manager. Failure to adhere to the above rules will result in loss of access to the lab facilities.

Please also note that using the Analytical Lab instrumentation is a privilege that can be revoked by the TECS department at any given time in case of neglect, destruction of instruments or uncooperative behavior of a student!
